MBA, PCC | The Leadership Strategist®

Galen Bingham, MBA, PCC, known as The Leadership Strategist®, helps executives see what pressure has pushed outside their field of view. As founder and CEO of Kiln Global Coaching & Consulting, he works with leaders stepping into greater scope and those already carrying decisions with consequences across an enterprise.

Galen brings more than 30 years of operating experience from Coca-Cola North America, Kraft Foods, and Imperial Sugar Company. As a division general manager at Imperial Sugar, he was responsible for a \$100 million business. At Coca-Cola, he served as an internal leadership coach and helped redesign the company's global selling process. Across his career, he has coached or advised more than 1,000 senior executives, CEOs, and nonprofit leaders. His work spans technology, financial services, healthcare and life sciences, manufacturing, professional services, consumer businesses, and nonprofit organizations.

In Galen's coaching, the client owns the agenda and the decision. He listens for assumptions that have gone untested, helps leaders distinguish evidence from the urgency they feel, and challenges them to consider what else may be true. His research with 108 Black executives deepens that work through their insights into how power, performance, and opportunity operate inside organizations.

Inc. Magazine featured Galen as a Top Executive Coach, and Real Leaders Magazine designated him the #1 Executive Coach in the Midwest. He serves as President of the Board of Governors of the SSM Cardinal Glennon Children's Healthcare Foundation.
